Following signs for the International Convention Centre on most routes will help to lead you towards Broad Street (A456) which has signposts for Carlton in both directions. Other landmarks include the Crowne Plaza, the Hyatt Hotel, Symphony Hall and the waterside location of Brindley Place.

Gas Street is one-way access from Broad Street, Berkley Street is also one-way, accessible from the bottom of Gas Street or Holliday Street (the new CBSO headquarters is on the corner). The Security Control entrance to Carlton is halfway up on the right where there is also limited on-street parking available.
